A picture is worth a thousand words... we encourage seeing wildlife in context of their habitats!

Three decades of experience means we have tasted on-foot magic in nature. She reveals herself in the most intimate, subtle or sometimes even exciting of ways and being prepared for anything at the drop of a hat is crucial to capturing these observations.

If sitting in a vehicle with a long lens photographing predators or beginning to learn how to use your camera is what you are after... this might not be for you.

We invite avid photographers to come and push beyond their current creative parameters. Prior familiarity with your gear is paramount to making requisite adjustments on the fly as and when necessary, opportunities are often fleeting! Come prepared.

We encourage bringing along all your gear (tripod, pano-head, macro-rail etc.) so as to maximise on creative opportunities as/when they present themselves... spontaneity is part of the plan. We regularly get down and dirty, venturing away from the vehicle on foot, to access what has drawn our attention. We are about capturing the essence of what we encounter rather than pursuing a specific shot-list.

With comfortable accommodations, scrumptious meals and amazing staff, any one of the Pafuri Camps is a perfect base from which to launch our exploration. Electricity is available for battery charging at both Pafuri Camp and Baobab Hill House, Hutwini Trails Camp however will make use of an inverter.

Come and find your own expression with us.

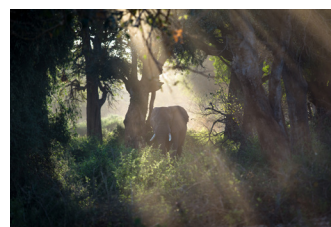

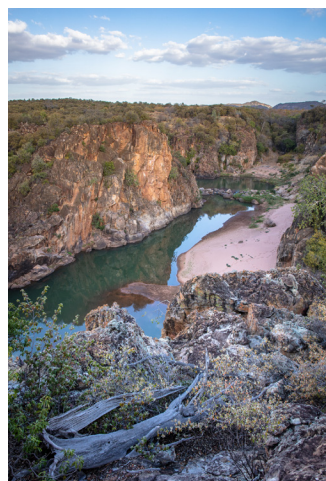

**This Retreat Includes:** 4 nights' accommodation for 6 people sharing, Marius and Steve as Private Photographic Guides, tuition applicable to creatively capturing these unusual opportunities, conservation levies and use of a game-drive vehicle.

**This Retreat excludes:** Transport to and from Makuleke, Kruger National Park entrance/conservation fees, health insurance, meals, personal extras like drinks, gratuities, etc.
